# ***Dedication***

The Class of '62 owes much to two men — one being our principal, Bro. J. Norbert; the other Senior Class moderator, Bro. H. Paul. The able and devoted direction of these two as well as their sincere concern for both our educational and spiritual welfare have left an indelible mark on this year's class and on the whole school itself. Therefore, with great gratitude and respect the Senior Class of 1962, on behalf of the school dedicate this year's yearbook to Brothers Norbert and Paul.

# **Theme**

By these words, Jesus Christ promised that His followers would possess knowledge of the Truth. That Truth was, of course, primarily religious; Christ sent His Apostles forth to tell the good news of Redemption to all the world. At the same time, however, the advent of Christ and the spread of His message inaugurated a "golden age" like that foretold by Vergil nearly a half-century earlier. The Christian spirit breathed new life into a decadent Roman culture; and when Rome itself fell, it cherished the finest products of that culture in monasteries and convents throughout Europe. That spirit has consistently inspired the finest philosophy, music, and literature in the world.

In a liberal education we absorb the collected human wisdom of our forefathers as well as the priceless gift of Divine Revelation. The quotations at the beginning of each section are a mere sampling of that wisdom, both human and divine.

MOST REVEREND  
WILLIAM O. BRADY,  
D.D., S.T.D.,  
Archbishop of  
Saint Paul

Death came to Archbishop William O. Brady of St. Paul in a Rome hospital. The end came eight days after he was stricken with a coronary thrombosis attack Sept. 23, on board a plane en route to a Vatican meeting.

Archbishop Brady was a superb administrator, had a gentle heart and a brilliant mind, he was a zealous priest and an inspiring leader. He was a big man and showed his bigness in humble ways. The Archbishop was proudest of the Rosary Crusade and the Vocation Drive. His timely comments in his column *Archbishop's Observations* and his drive for education in this diocese shall long be remembered.

#### BROTHER LIGUORI JAMES, F.S.C.

Brother Liguori James departed this life February 11, 1962 at the age of 54.

Brother had served De La Salle as advisor, teacher, athletic director, basketball moderator and founder of the Booster's Club. He was known for his enthusiasm and spirit.

Brother Liguori was truly a boys' Brother. He took an active interest in boys, and in their welfare. Many troubled students came to him, with their personal problems. He understood these problems; and after counseling, the student left with new confidence.

St. John Chrysostom

Brother John Chrysostom, F.S.C.

Brother John Chrysostom and his manner is notorious among the students of De La Salle. If you have ever been sick, you probably have struggled out of bed to answer his phone call. If you have ever tried to buy a candy bar during lunch time, he was there to see that you weren't stampeded by your fellow classmates. His liveliness and quick wit have made life at De much easier (sometimes harder) for many students.

ROBERT ODELL

Mr. Robert Odell, advisor to 209, teaches his favorite subject math. He has a B.A. in mathematics from St. Thomas College. Mr. Odell intends to further his education at the U of M to receive a M.A. in education philosophy. Mr. Odell lives in Hamel, and during the summer works a sixteen hundred acre farm in Oregon. Bowling, fishing, and hunting take up his spare time.

BROTHER H. PAUL, F.S.C.

Bro. Paul, advisor of 207, is in his sixth year of teaching at De. Brother, a native of St. Louis, taught in Chicago before coming here. This year Brother teaches Religion, English, as well as moderates the Senior Class and the Dramatics Club. As far as this last activity is concerned, Brother is known as the best high school director in the Twin Cities with his plays being consistently excellent.

BROTHER L. PATRICK, F.S.C.

Brother Patrick, advisor to room 205, has taught religion, algebra and English. Despite this great versatility, Brother admits a preference for English. Brother will certainly be well-remembered by his classes: his quiet manner of presentation and mature treatment of students are refreshingly different from usual high school techniques.

BROTHER J. DANIEL, F.S.C.

Brother Daniel, as head of the mathematics department, is especially concerned with the new and rather revolutionary S.M.S.G. This program is designed to give students an over-all view of basic mathematical structure. For relaxation, Brother Daniel enjoys listening to classical music from the Brother's musical library and reading contemporary literature.

PAUL S. GRAF

Since 1952, Mr. Paul Graf's Hudson Wasp has been flying between his home and De La Salle. His classes of Problems of Democracy and Business Law are enlivened with mundane insight into human motives and actions. Being dexterous with puns, Mr. Graf often surprises his classes with clever levity. Mr. Graf's wealth of experience provides much of the class material as well as the text and outside sources. He makes an honest effort to present the students with a view point other than that received from the local press. Because of his experience and sense of duty, Mr. Graf is an invaluable asset to De La Salle. His altruistic nature makes him one of the irreplaceable among De's faculty.

DONALD DU BOIS

"An apple a day keeps the poor work card away." This ancient 1962 philosophy has aided Mr. Donald du Bois in securing an unprecedented lead in the teacher health polls. Favorite topics Mr. du Bois emphasizes include his pet theme (next to his students) the Jesuits, Longfellow's propaganda and also Mr. Dwight Eisenhower. Currently teaching junior religion and senior English, he strives to prepare his pupils "to rejoin the human race." He is the proud father of a five year old son, Jim, whose profound knowledge of the "idiot box" and the alphabet stimulate his students to conquer the harsh facts of life.

BROTHER J. OLIVER, F.S.C.

One of the more illustrious members of the faculty at De La Salle is Brother Oliver. He is well known for excellent photography, ironical comments and for running a unique lost and found service. Although generally easy going, Brother can pose quite a problem to an unlucky student who has come to the bookstore window to make a small purchase with folding money. Many of us will remember Brother Oliver sitting majestically at his desk in the front of the room (with ironclad control of the students, of course) and should anything go wrong, he would right it with his simple comment, "That's not good."

Brother Terence (Noble-hearted Gladiator) is the advisor of 121 (The Warriors). He was voted the most well liked teacher by the senior class; and our favorite teacher's concern for each senior has earned him this title. Brother's simplicity of spirit and his faith in people has done much to influence these with whom he has had dealings. His exuberance of spirit is contagious, as any of his students and friends will admit. Brother Terence's physics classes, although confusing at times because of the subject matter, have been both enjoyable and enlightening. His students' favorite quotation comes from *Macbeth*: "Throw physic to the dogs. I'll none of it."

#### BROTHER J. EDWARD, F.S.C.

Brother Edward (Old Clicker, as he is affectionately called by his pupils) is a Brother of exceptional talents. Not only is he a religion and typing teacher, but also head of our very successful athletic department. Thus he is deserving of a great deal of credit as the man behind the scenes. (His vast storehouse of practical knowledge makes his religion classes active and interesting.) In typing he represents law, order, and discipline. Brother Edward is interested not only in the mental growth of his students but also in their physical well being.

#### FRANK MARONEY

One of De La Salle's most amiable sociology teachers is Mr. Frank Maroney. He is a veteran of 32 years in the teaching profession. Seven of the years he has spent here at De, where the students have grown to anticipate his smiling face. This well informed man received his B.S. degree at Mankato State and did graduate work at the University of Minnesota. He admires the seniors for their independence and their mature behavior. His insistence on proper class conduct gained him the respect of his students. Mr. Maroney has a colorful career as a teacher and coach. The seniors hold fond memories of his hard-hitting control of their freshman intramurals.

# BENILDE WEEKEND

Brother Norbert receives a standing ovation as a representative of WDGY presents the favorite principal trophy.

Something that has never happened in the history of De La Salle took place this year. De students were given an opportunity to prove to the public that they had more school spirit than any other city or suburban school. Radio station WDGY held a contest in which students from all the schools in the area could cast votes for their favorite principal. In a final tribute to our principal, the men of De united and sent in 80,000 postcards, which was over one-half of the total votes cast. This victory set the stage for one of the most enthusiastic pep assemblies ever held at De. The students' cheers shook the rafters in an attempt to inspire the team to victory: a victory which meant a share in the CCC title. The enthusiasm paid off as the team went on to beat Benilde before 2,500 fans in the gym and cafetorium.

# 1961 HOMECOMING

Rog Hipwell escorts Queen Colette Korab.

De La Salle Homecoming is one of the most spirited occasions of the year. The events of this week were climaxed by the Homecoming dance on Friday night and the hard fought game against St. Cloud Cathedral on Sunday. As the week went on, the quality of the school spirit increased; and in the midst of the excitement, one of the better assemblies was held. At this time, the queen candidates were introduced to the school. During the Homecoming dance, the queen and her two princesses were chosen. Many considered the dance as the "best yet," others thought it was the "most spirited." At the game on Sunday, the enthusiasm of the school was exemplified by the great number of students who attended the game. The outcome of the game was a loss for De La Salle in the score, but it was a success in that the school spirit reached new heights.

### THE SKIN OF OUR TEETH

The first three act school play of this year was *The Skin Of Our Teeth*. The play was written by Thornton Wilder in 1942. It was one of the first plays produced for the theater of today in which the general meaning of the plot is superior to the particular characters. The three main actors of the play were Mr. Antrobus, played by Jay Heffern; Mrs. Antrobus, played by Sue Wedl; and Sabina, played by Marcia Knight.

Under the talented direction of Brother H. Paul, the play was a masterpiece of production. A play designed to be presented by a professional drama group was successfully presented by De La Salle's Dramatics Club.

# SNO-DAZE

The Climax of Snow-Daze—the Snow-Ball

This year at De La Salle, one week was chosen in January in which the spirit of the school was emphasized. Various activities for the different departments took place. The freshmen and sophomores played in an intramural basketball tournament while the juniors and seniors participated in a broom hockey contest. Each advisory could partake in these events. Secondly, Sno-Daze buttons featuring the slogan "Plow em' Under" were sold throughout the week. The buttons reminded the students to take part in the various events and to take an interest in our hockey, wrestling, swimming, and basketball teams. Each team had at least one opponent during the week. Finally on Saturday night, the Sno-Ball was held in the auditorium. This dance was put on by the hardworking seniors.

# '62 MARDI GRAS

The big moment has finally arrived. Brother Norbert reads the name of the winner, while the directors of the drive watch.

Brother Augustine, moderator of the drive assists Mrs. Hayes in drawing the name of the winner.

The Second Annual Mardi Gras Drive was a big success. Under the capable direction of Brother Augustine, a record of \$25 per man was obtained during the official week of returns. Approximately forty thousand tickets were sold.

The tickets, at \$1.00 each, entitled the donator to many hours of excitement: the tickets could be used for either the Teenage Dance on Feb. 23, or for the adult Bunco Party and Dance on Feb. 24. For added attraction, the prizes of a 1962 Pontiac, a Corvair, a TV-Set, a Stereo, and two gift certificates were presented to the lucky winners.

From the looks of this picture everyone seems to be enjoying himself at the teen-age dance.

## ***SENIOR'S RETREAT***

Father Kegler, director of the retreat, led the men of De in their spiritual exercises. Father was a personal friend of Dr. Tom Dooley. Determined to help the doctorless people of Southeast Asia, Dr. Dooley founded the medical operation called Medico. Because this man was a current figure in history, each retreatant found particular significance in Dr. Dooley's achievements. He had based his life on an poem by Robert Frost. This poem summarized well the ideals of the retreat.

The woods are lovely, dark, and deep,  
But I have promises to keep  
And miles to go before I sleep.

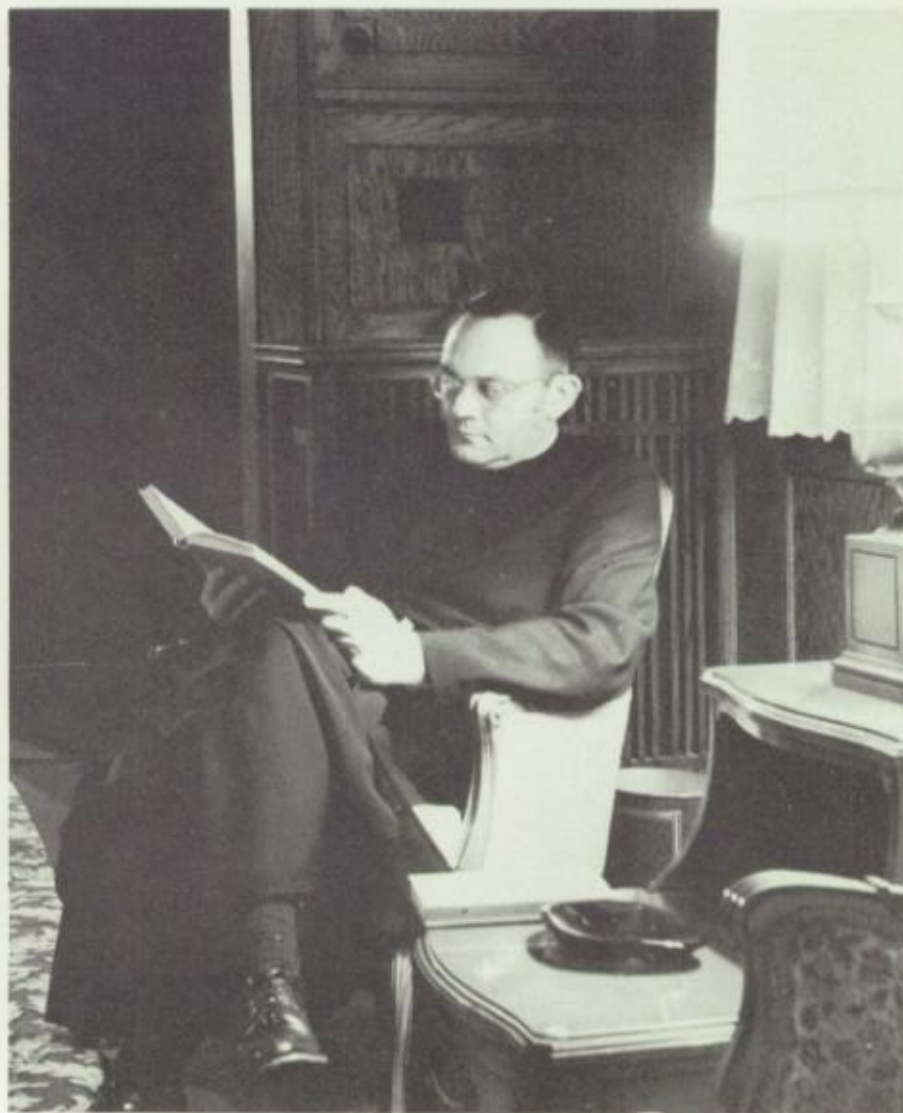

## ***AT KING'S HOUSE***

Father MacManus

During January the entire senior class fulfilled one of its requirements for graduation—the closed retreat at King's House, Buffalo, Minn. Father MacManus, the retreatmaster, greeted the retreatants and explained the significance of the the retreat to them. At first the students found the routine difficult, but they soon became accustomed to it. Each retreatant took part in the spiritual exercises which included eight conferences, two Masses, and three Benedictions, including the Apostolic Blessing. In addition, Confession and private conferences were made available. The recreation periods consisted of football and skating. Upon the completion of the two days of prayer and meditation, each retreatant returned with a renewed sense of responsibility and dedication to God.

# FOOTBALL

*Front row:* Tom Harrer, Dick Schreder, Ed Donatelle. *Second row:* D. Slovak, E. Feigh, J. Wittman, B. Cronin, R. Taffe, B. Vincent, M. Lynch, J. Sievers, T. Ronyak, K. McGurran, D. Zens, J. Biernat, M. Collins, D. Baker. *Third row:* Bro. Terrence, Mod.; R. Vincent, Mgr.; T. Finnegan, R. Troke, D. Krider, E. Komoroski, T. Coleman.

The Varsity football team except for a few injuries might have been conference champions this year. Injuries to key personnel included separated shoulders to Harrer and Baker. Jeff Sievers first suffered a sprained ankle and upon returning suffered a concussion in his first game which kept him out of action for the rest of the year.

The team is not to be belittled, however, for in spite of difficulties they captured second place.

In the first game of the season De beat Bethlehem Academy of Faribault 7-0. Tom Finnegan scored for the Islanders from the five. The game was played on a cool windy day. This game was also marred by the fact that the officials did not show up and the game was reffed by opposing coaches who came to scout.

The next game against St. Paul Murray the Islanders easily defeated them 19-6. The highlight of the game was Dave Krider's 45 yard T.D. run. Also scoring for De were Schreder and Finnegan on short plunges.

The team journeyed to Eau Claire where they suffered defeat-12-0. De was not "up" for the game and made a poor showing.

Hill was the next team that De faced. The Islanders and Pioneers fought to a 6-6 tie. Stan Durda carried the pigskin over for De while Hill countered on a 50 yard pass play. It was in this game that Jeff Sievers suffered a concussion.

*Third row cont.:* B. Najarian, J. Kurimay, J. Jachymowski, R. Hinz, L. Lynch, D. Newinski, C. Durda, Mr. Vaughan. *Fourth row:* Mr. Parsons, T. Johnson, B. Chapman, J. Cronin, D. Roth, G. Evans, S. Grabowski, M. Rengal, T. Seep, D. Kramm, B. Jacenco, J. Robin, S. Durda, Mr. Hackathorn. Missing: J. Manikowski, J. Nelson, Mgr.

Conference champions Cretin was the next opposition. The Islanders scored first on Tommy Harrer's reception from Dick Schreder. From there on nothing went right for the Islanders. Cretin got a quick touchdown and two more for insurance.

In the homecoming game against St. Cloud, De lost a close game 14-13. It was in this game that Dick Schreder ran a ball back farther than any other Islander all season. Dick took the opening kick-off and ran it back 92 yards to score.

The Benilde game had special meaning for the seniors. In their last two outings against the "Red Knights", the Islanders were beaten. Through a hard fought first-half the game remained scoreless. But the second-half was a different story. After driving to the Benilde twelve, Tom Finnegan scored on a "Statue of Liberty" play. The "Red Knights" came back, only to lose 13-6 as Dave Krider scored on a screen pass.

In the last game of the campaign, "De" played a tough St. Thomas squad. Down 13-0 at the end of the first quarter, the Islanders rallied to win 14-13. In the second half Jim Wittman blocked a "Tommie" punt and Mike Collins fell on it for a T.D. Dave Krider scored the last touchdown on a 50 yard run. Excellent downfield blocking by Rick Taaffe and Bob Vincent paved the way for the score. Kelly McGurran kicked the extra point, and "De" won. By doing so the Islanders took second place in the conference.

Special mention should go to Mike Collins—All-State, All-Conference; Ed Donatelle—All-Conference; and Dave Zens—All-Conference.

Schreder gets set to pass while Harrer protects.

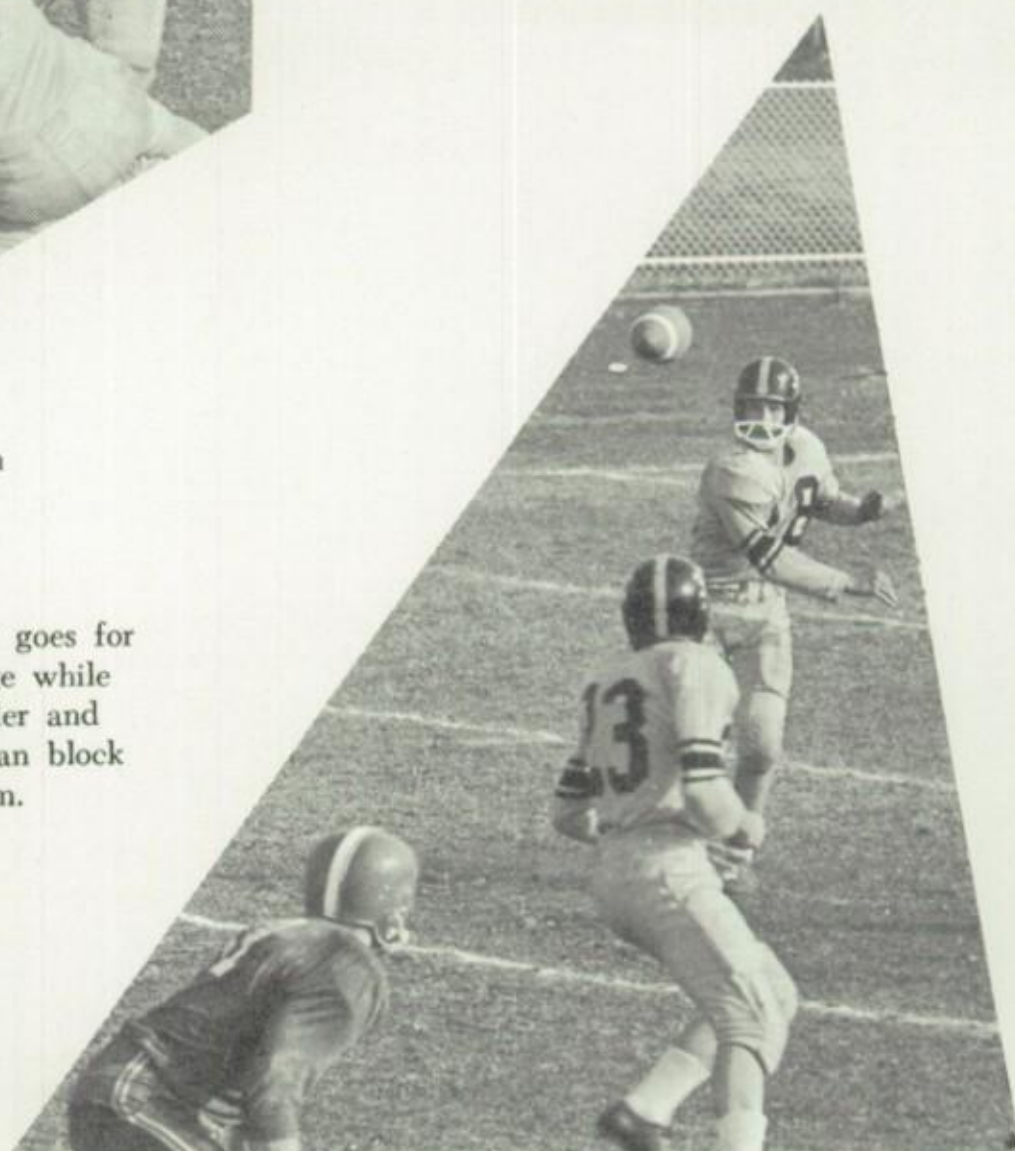

Against his own goal Taafe punts the ball out of danger. Blocking for Rick is All-Stater Mike Collins. The ball is gone before any of the enemy can get near it.

Harrer goes for yardage while Schreder and Wittman block for him.

Schreder to Taafe for good yardage.

The seniors of the 1961 varsity team pose with the football.

Co-Captain Tom Harrer: Tommy was a real leader. He was one of the toughest guys in the conference to bring down. Although he was out for quite a few games Tom always gave it his all. He played the Benilde game with a separated shoulder, but he was scrapping all the time.

Co-Captain Dick Schreder: Dick was the field general of the team. You could always count on Dick to call a good play when you were in the hole. Against St. Cloud Dick ran 92 yards for a T.D. Dick was voted the most valuable player on the team by his teammates, as well as the most valuable offensive back.

Co-Captain Ed Donatelle: The "Dirty Swede" was one of the best lineman in the conference. Many times he opened crucial holes for the backs to scamper through. Ed was chosen to the All-Conference team.

Dick Slovak: Dick was the biggest man on the team. He was used mostly on defense, but he played offense too.

Ed Feigh: Ed didn't play football last year, but he played an awful lot this year. He played a very good game at end.

Jim Wittman: Jim's steady play won many games for us. In the Benilde and St. Thomas games Jim broke in to the opposing backfield and stopped the ball carrier before he got started.

Bill Cronin: Bill was one of the most determined players on the team. Few were the times that his man broke up our plays. He was the most valuable defensive back.

Rick Taafe: Rick's running was the major contributor toward winning the Benilde game. He was almost unstoppable in that game.

Bob Vincent: Bob was most noted for his downfield blocking. He picked a man off of the ball carrier's back on what proved to be the winning score in the St. Thomas game.

Mark Lynch: Mark was the most determined player on the team. He was a defensive tackle who always plugged up the hole.

Jeff Sievers: In spite of being out most of the season Jeff drew the praise of Mr. Parsons who said, "Jeff is the best high school defensive half back I've ever seen."

Tom Ronyak: Tom didn't play too much but he was always giving it his all.

Kelly McGurran: When Jeff was injured Kelly stepped in and filled the role that was required. He won the St. Thomas game with his kick.

Dave Zens: "Froggie" was selected to the All-Conference team for his fine defensive play. If there was a scrap Dave was there.

Joe Biernat: Joe didn't play too much, but when he did he was Johnny-on-the spot.

Mike Collins: Mike was All-Conference, All-State. There wasn't a better blocker on the team. Mike was always hustling.

Don Baker: Donny was out most of the season with injuries but when he was in there he was unstoppable.

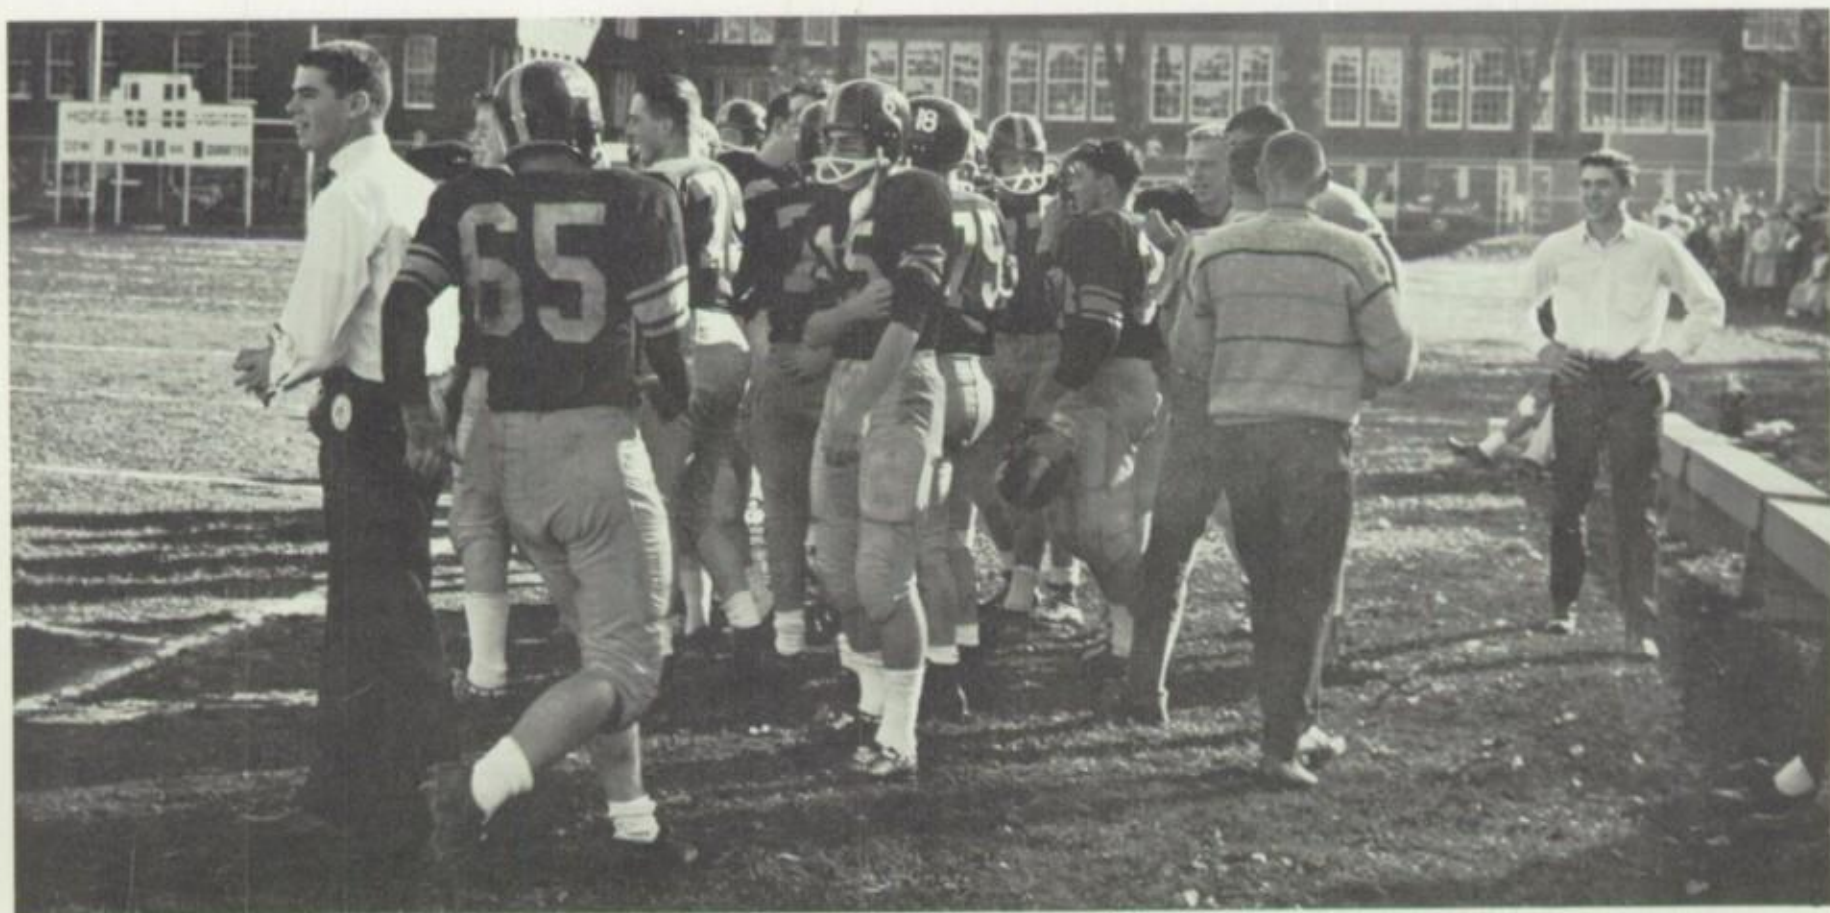

McGurran kicks off, as teammates rush downfield to "go get 'em."

It's up and over. Opposing players nearly block the try, but the kick is good.

At the annual Football banquet trophies were passed out for: most valuable offensive back-Dick Schreder, most valuable defensive back-Bill Cronin, most valuable offensive lineman-Jim Wittman, most valuable defensive lineman-Mike Collins, and most determined player-Mark Lynch. Dick Schreder was also voted the team's most valuable player by his teammates.

Teammates rejoice as the "Islanders" score against St. Cloud on Homecoming. The team lost, however, in a close fought game 14-13.

# B-Squad

*Front Row (L. to R.)* T. Williams, J. Stitzel, P. Kish, T. Shall, R. Shelso, A. Hofstead, B. Feigh, J. Shumway, D. Santos, D. Guiney. *Middle row:* Bro. J. Edward, T. Jeffery, D. Mortensen, G. Shaughnessy, J. Scavnac.

The B-Squad this year under the guidance of Mr. Mahowald performed quite notably. After starting out slowly the team came on with a rush. Fine play was especially noted in the backfield. In the last few games the team played together very well. Mr. Mahowald expresses his opinion that next year many of these boys will be on the varsity. Mr. Mahowald realizes that many seniors are leaving the varsity, but says that his men will be able to meet the challenge ahead.

When the freshmen first came out they were a sad sight. Very few were in condition, and very few had played football before. Mr. Erwin and Mr. Miller took these boys and taught them football. The team lost their first few games, but when they caught on they won their last games by impressive scores. Fine play was once again noted in the backfield, and towards the end of the season the line play was shaping up too. These boys had a fine team and are proud of it. In a few years they feel that they will be Conference Champs.

*Front row (L. to R.):* Glodek, Grande, Lucas, Lorden, Riney. *2nd. row:* Rush, Gerst, Maki, Godlewski, Fosselman, Masica, Benzinger, Goodnough, Seivers, Rucke, Taaffe, Leonard. *3rd row:* Mr. Erwin, Brandberg, Dalsin, Layer, Bouley, Milliman, Schneider, Bookey, Ingle, Sydloski, Dedelak, Bro. The varsity swimming team had the distinction of breaking every team record while compiling a 14-1 dual meet record. In the biggest meet of the year, the tankers broke 5 meet records and 4 varsity records. They also took six out of eleven first places while capturing second place in the St. Thomas Invitational. Another distinction held by the swimmers was an undefeated C.C.C. record.

Brother Hugh, the coach, sums up the success story of the year's team in three words-INSPIRATION, DEDICATION, AND PERSPIRATION.

Marty Knight, a freshman was voted most valuable swimmer; while Tom La Croix was voted the most improved swimmer. Marty and Tom along with Bob Scott and Mike Rains accounted for all the individual records.

De's tankers are able to boast of having the fastest medley relay in the city. The relay is made up of G. Prasky, T. La Croix, R. Scott, and K. Ketter.

With only two seniors graduating Mike McClellan and Tom Kundla, and help from the "B" team, next year's varsity should be one of the best in the state.

## 'B' SQUAD

This team was organized for the first time this year with the purpose of supplying swimmers for the varsity. They have their own meets against weak varsity teams. The team consists mainly of Freshmen who have to swim against upperclassmen since many schools do not have a "B" team. Bro. Hugh has as much praise for this team as he does for the varsity. The team's season record was 6 wins, 6 losses and 1 tie.

De La Salle's hockey team this year was the best ever since hockey started at De four years ago. Under the most capable coaching of Wally Irwin, in his first year at De, the pucksters finished second in the C.C.C.

Benilde was whipped by the icemen 7-1 in the first round and 3-2 in the second. Tom Brundidge scored the "hat-trick" in the 7-1 romp.

Most exciting game of the season was the first meeting with Cretin. Tom Leonard scored on an assist from Dave Mortenson at 2:24 of the second period. The Raiders failed to capitalize and the score stood at 1-0. The Islanders had delivered Cretin their first Conference defeat in four years.

The pucksters also scored the most goals in any one game while handing St. Bernards a 9-2 defeat. Jim Downham scored a hat trick plus one.

Making all-conference for De were Jim Downham and Frank Recucki on the first team; Chuck Holt and Tom Hayes on the second team; and Bill Huney, Dave Mortenson and Tom Leonard receiving honorable mention.

The icemen scored a total of 102 goals to 54 by opponents. Goalie Chuck Holt had 292 saves out of a possible 334 chances for a .871 save average. Ed Dalsin handled 161 chances and blocked all but eleven. The future looks bright for the Islander pucksters and they look forward to increased support by the student body.

# CHEERLEADERS

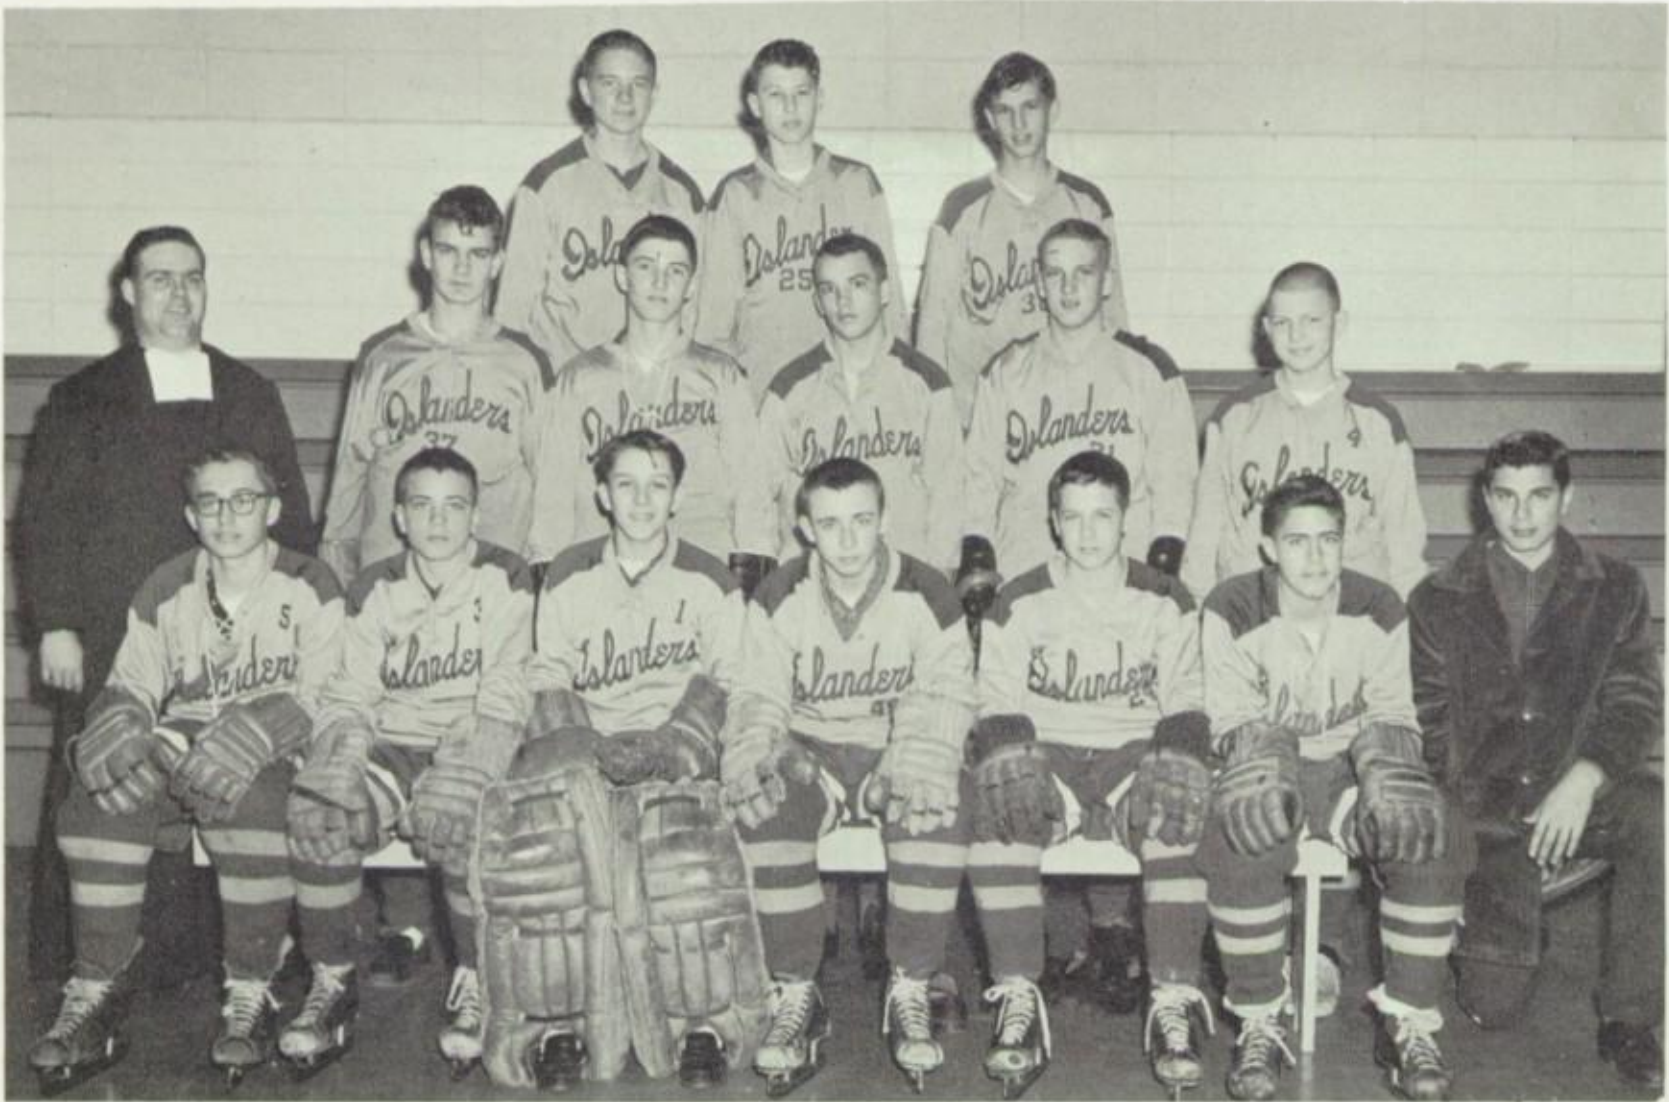

Cheerleading is not a seasonal activity. It begins with the start of the school year, and ends with summer vacation. The cheerleaders spend many hours of practice in the evening as well as making great sacrifices to be present at as many of the school events as possible. Brother Michael says that cheerleading is not simply yelling. There is a certain mood in the crowd which the cheerleader must sense, and from this choose the cheer which will be the most effective. Our cheerleaders may not have been gymnasts, but they induced the crowd to cheer the loudest and yell the longest.

# "B" SQUAD

Seated: D. Shermers, W. Ruane, M. Schreiber, J. Humphrey, J. Dorff, T. Najarian, D. Glodek. 2nd row: Br. Kevin, M. Bouley, J. Dargay, S. Quady, J. Yencho, T. Anderson. 3rd row: J. Meade, P. Kovar, B. Janewki.

The "B" squad hockey team (frosh-soph) had an exciting season this year. Their final record for playing the Brother's schools was 2 wins, three losses, and 1 tie. Cretin, the big opponents of the year couldn't make any headway against the junior bladers. The final score after double overtime was De 3, Cretin 3.

In the ten games played against public and parkboard teams De La Salle won five and lost five.

The boys worked on fundamentals this season. Their coach, Mr. McGowen said, "I want quite a bit of skating especially flying around those nets."

Moderator, Bro. Kevin Stephen said that they have produced some varsity material for next year.

The high point man of the season was Jim Humphrey who averaged two goals a game.

Brundidge passes out to Mortenson for the score.

# WRESTLING

The Wrestling Team: *Back row:* M. O'Connor, L. Lynch, J. Kilkelly, D. Hilson, J. Allard, D. Feehan, W. McQuiston, D. Krider, D. McClain, D. Zens, J. Wittman, W. Belkengren, D. Baker, J. Bookey. *Front row:* T. Hauschild, R. Barbeau, T. Lynch, S. Willette, J. DeGidio, T. Hilson, L. Rousseau, D. Collins, T. Rozycki, L. Kreatz, W. Chaplin.

This year's wrestling team was perhaps one of the best that DeLaSalle has had, as they captured two individual state championships, two second places, and five third places, coming within seven points of winning the State Team Championship. One of the prime reasons behind this great team showing was the depth throughout the weights. There were seven seniors on the team, making it a moderately veteran team.

The lineup, by weights, for most of the year consisted of: 95 lbs., Jack De Gidio; 103 lbs., Jim Kilkelly; 112 lbs., Mike O'Conner; 120 lbs., Loren Lynch; 127 lbs., Don Hilson; 133 lbs., Jim Allard; 138 lbs., Dan McClaine; 145 lbs., Dave Krider; 154 lbs., Dave Feehan; 165 lbs., Bill McQuiston; 175 lbs., Jim Wittman; Hwt. Dave Zens. These and others helped to make a successful team.

The team started and finished strong under the able tutelage of Mr. Horning. The season record showed only two defeats, both to arch rivals, Benilde, and the last by the score 22-21.

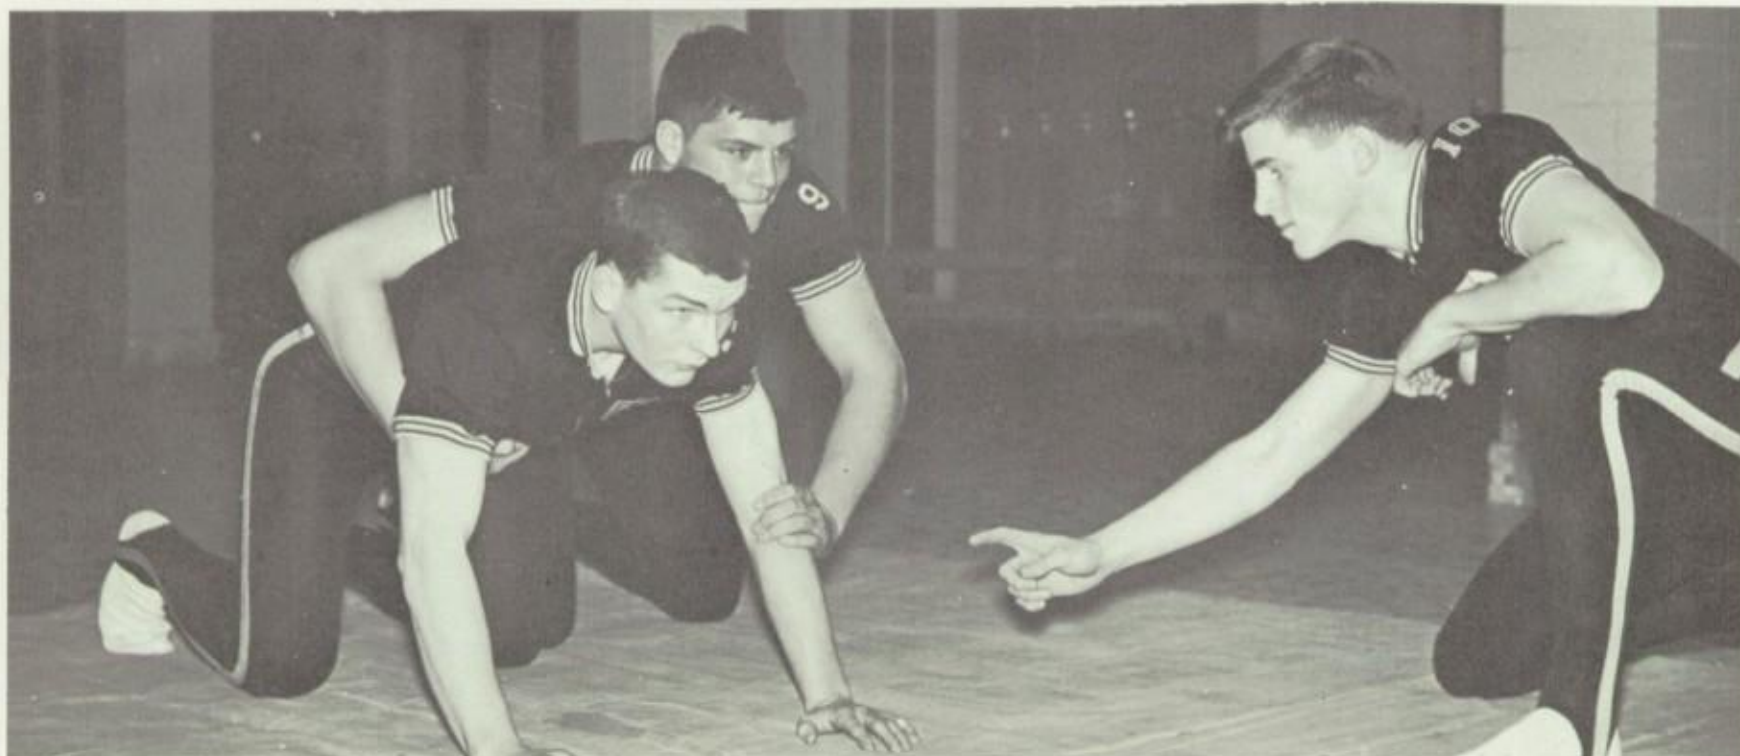

Graduating this year were the originators of several new holds, including "the Country Boy," "the Pogo Stick" and the "Triple Arm Bar Scissors Grapevine."

Wrestling has increased tremendously in the past few years as a competitive sport, and will continue to draw more spectators and participants because of the speed and skill it demands and manifests.

The 1961-1962 De La Salle Basketball Team that won the State Tournament and tied as Co-Champions of the C.C.C. *Kneeling:* Co-Captains R. Hipwell, and M. St. Aubin. *Standing L. to R.:* Bro. J. Edward, P. Saffert, T. Holker, J. Plocienik, J. Manikowski, J. Cruikshank, S. Hedges, B. Buckvold, M. Rengel, S. Grabowski, T. Seep, L. Jenks, P. Carlson, T. Finnegan, Mr. Dick Rienhart.

De La Salle again produced a fine Basketball team. Led by senior co-captains Roger Hipwell and Mike St. Aubin the team tied for the championship of the C.C.C. The only loss this year was a 49-40 decision to Benilde early in the season. De avenged this loss, however, with two victories over the Red Knights.

The team did not hit its stride until after the loss to Benilde. After Mr. Rienhart shifted the lineup several times the results that he desired were obtained. The starting five most of the year included Hipwell, St. Aubin, Joe Manikowski, Mike Rengel, and Lenny Jenks. This team had great balance. Every member could hit from almost any place on the floor at any time. The leading scorers were St. Aubin and Hipwell, but the rest of the team was not far behind.

Mr. Rienhart has said on numerous occasions that this team could easily be one of his better teams. When at last the team did jell it was easy to see this. The Islanders could and often did come from behind. After they settled down and started concentrating on the game they were hard to beat. De had poise this year as seen by the results of the one-point games. De was in three and won them all. Some people have said that the Islanders couldn't score a lot of points, yet when they were needed most the Islanders went out and got them.

The cagers this year proved themselves tops, and next year promise to be even better. There are only two seniors on the team. These two: Mike St. Aubin and Roger Hipwell along with Joe Manikowski won All-Conference honors.

For the seventh time in nine years, Dick Rhinehart led his Islanders to the state crown. Outclassing all their opponents in both offense and defense, De placed its second leg on the state traveling trophy.

Fans give victorious Islanders wild ovation during the trophy presentation.

## B SQUAD

For the third straight year the squad proved tops among the sophomores in the conference. The team was so balanced that it was not uncommon to see ten boys play in each game. Cronin, Skelly, and Roth were the top scorers, with Evans leading in rebounds. Determination was the keynote of the team. Many times the team overcame large deficits to win. The team will carry on the great tradition of DeLaSalle for the next two years.

## FRESHMAN

The Freshmen again proved the team to beat in the Conference. Aside from the fact that the team lost only one game, another fact stands out. This is the fact that the team entered a Y.M.C.A. and won the tournament. In this tournament De was entered against teams from all around the city. High scorer was Riney who led the team all year. The team was, we feel, the best Freshman team in the city.

## FLY TEAM

The all-stars of the Saturday league once again dominated the less fortunate grade schools. The Fly Team's record stands for itself. The team completely dominated the other schools. The boys lost only one game, and that to the Freshmen.

Under the organization of Mr. George Utect, the track team and cross country team of De La Salle promise to be the finest since track started at De in 1956. The general spirit of the team has improved and since sports such as track and cross country require a great deal of personal development, the desire and effort of the players is of the greatest importance.

The cross country team placed second in a Christian Brothers Invitational meet, tied with Cretin, and are promising even greater things. This particular team has come a long way since its beginning two years ago.

Benilde seems to be the track team's strongest opponent, with De's Don Baker being the strongest contender to deal with the Red Knights.

While track and cross country sometimes are overlooked by the student body, they provide a chance for courageous students to strengthen themselves both physically and mentally. The spirit among rival teams is one of the most friendly since the competition is mostly between individuals and not the entire school.

# CONTACT

Brother Fidelis dozes off while junior Contact members discuss an important topic.

Contact, under the guidance of the C.Y.C. Staff and the direction of Brothers Clarence, Terence, and Fidelis, has become an integral part of the school's extracurriculars. The group is made up not only of Contact corp members, but also small groups of students who wish to help the school and themselves. Contact has promoted the new system of senior class elections, the Christmas basket drive, and lectures on problems facing teen-agers.

Since the Monogram Club has been opened to non-athletic activities, and with the fine leadership of Brother Terence, the group has become one of the most active at De. The group has sponsored hops, ushered at basketball games, and began the custom of wearing their letter sweaters every Friday. The Monogram Club should typify the spirit of the school and the senior class, and by its many and various activities, this year, the group has done just that.

The Senior Senate meets to discuss an upcoming school event.

This year marked the appearance of the Senior Senate as a governing body of the school. This group is composed of the senior class officers, the semi-finalists in the class elections, and the senior advisory presidents. The group plans and controls the activities of the senior class. Since all senior advisories are represented, each senior knows what the senate plans to do. This fact accounts for the great success of all the activities sponsored by the senior class this year.

Members spend some time each week developing new techniques in drawing and painting, while perfecting old ones. The members learn through each other's experience, and also under the guidance of Brother Clarence, an art pupil.

This year De La Salle's chapter of the National Honor Society consisted of about forty members. Members are chosen from seniors who have excelled in three areas: scholarship, service, and character. Members must have a "B" average in academic work. Participation in some extracurricular either in school, church, or community is essential. The faculty reviews their character and personality. To benefit the school, NHS members have assisted Mr. Casanova in the guidance office, and have set up the paperback bookstore. NHS is proud of its contributions.

Drama, the most comprehensive of the fine arts, includes art, speech, music, and the dance; as well as points of the applied arts such as architecture, carpentry, electricity, and physics. Participation in the Dramatic Club is a considerable liberalizing influence in a DE-man's education. From what one can learn through the Dramatics Club, it can be an education in itself. In fact, from the standpoint of value derived, it can be said that the Dramatics Club is the most worthwhile activity at De this year.

This year to aid the members of the Dramatics Club, Brother Paul has taught the members at several workshops things which pertain to all facets of dramatics. Brother hopes that participation in the Dramatics Club will give a student a taste for the fine arts in general, and dramatics in particular, which he will employ the rest of his life.

This year the Fine Arts Department entered into the field of drama Americans love the most — the musical. The play opened on Broadway a decade ago, and had a revival in 1958. This particular musical was chosen because, beneath its gay humor, it presented an interesting view of one of our greatest problems facing our country today — that of racial prejudice. The fine interpretation given to the lines by the entire cast, made attending this play a worthwhile experience, as well as a chance to have a good time.

Brother Michael talks with the leaders of the Debate Team.

In the opinion of its moderator, Brother Michael, the Debate Team has made much progress this year. Besides bringing to the school many trophies, the size of the team has increased to an all-time high. In addition to school service, the debater develops efficient research techniques, and logical habits of thought, and also the ability to accept defeat with stoical placidity which develops good sportsmanship.

Gary Fadell strikes a classic pose while Bill Peterson times his effort.

Under the leadership of Brother J. Leonard, the speech team has had a successful season. Seniors formed the bulk of this year's team, but underclassmen were trained to insure a strong future. Jay Heffern caught adding a touch of humor to his oration.

Brother Fidelis and club president Tim Orman make plans for a future Glee Club engagement.

The Glee Club has continued to build the tradition that began with the arrival of Brother Fidelis at De La Salle. This year, the group gave many concerts throughout the city and the state. The group sang at many of the Catholic high schools to promote the good name of the school. The club made its finest effort of the season at Cretin High School. During the holiday season, the club appeared on several television programs. The year was climaxed with the annual Spring Concert. This group, the most publicized at De La Salle, has done more than its part to promote the good name of the school and to cultivate an appreciation of music among its members.

Novel this year are expanded issues which appeared in conjunction with important school events.

2. Interview.  
Two *Islander* reporters interview Mrs. Theissen in the library office, for a feature story: Bob Abdo; Jim Sandstrom.

### 3. Photographs

An essential part of any newspaper is photos, and here Paul St. Anthony and Cyril Knoblauch examine some photos for use in an upcoming issue.

### 4. Write-up

Tim O'Brien (seated) and Mike Gruidl consult while preparing the story for the printers.

*Islander* staff: Standing, P. Meade, J. Reed, R. Abdo, J. Millunzi, M. Gruidl, G. Fadell. Seated: H. Cope, M. Murrell, T. Houde, Br. Francis, L. Abdo, J. Sandstrom, T. Harrer.

# DELTA

Co-editors Joe Dixon and Jay Heffern plan the pages of the senior section.

Along with the basic improvements which each year brings, The *Delta* this year can boast of yet another one—the book was on time. Due to the fine leadership of Brother Clarence and Joe Dixon, the *Delta* has reached another plateau in excellence. An experienced staff has tried to emphasize all facts of school life. Improvements have been made in the activities and underclassmen sections. This year the staff can truthfully say that we feel this is the best *Delta* yet.

Jim Bachmeier assists Tim O'Brien and Bob Abdo, while Ed Koplo looks on from behind.

*Delta* staff meets in the library to plan the sections. L. to R. Earl McDonald, George Woytanowitz, Mike Shimek, Bob Vincent, John Weidt, Jim Fignar and Henry Abbett.

# Patroness Society

At the March meeting the members of the society were treated to a spring fashion show. Clothes were modeled by some of the mothers, and a few of the more fortunate members of the Senior Class.

Many students think that the finest thing about the Patroness society is that they give the students a half-day holiday once a month. Despite the opinions of the students, this is not the purpose of the society. The society tries to help the faculty, the students, and the school anyway possible. In conjunction with the Boosters Club, they sponsor dances for the parents. At their monthly meetings, the members first discuss the business of the club, and then have a social hour with forms of entertainment which appeal to the mothers of high school students. By means of financial contributions, the Patroness Society is responsible for many of the improvements around the school. Each De student has a debt of gratitude to this dedicated group of women.

Patroness Society officers meet. *L. to R.:* Mrs. A. Bierden, Mrs. R. Palmer, Mrs. M. Hayes, Mrs. G. Brambilla, and Mrs. T. Patrek.

Patroness members enjoy a fine luncheon while viewing the latest in spring fashions.

If you didn't get your Gillette "World Series Encyclopedia" you can address your questions to Brother Gerard; he knows the facts. He attends almost all the athletic

events in the school, since he is in charge of tickets for varsity football and basketball games, and referees the Saturday League. His freshman algebra students are universally under the impression that Teddy Roosevelt is one of Brother's ideals, as he speaks softly and carries a big stick.

The moving force behind many of the activities and successes at De La Salle is Brother K. Francis. Though he was impeded for two months

with a leg injury, he still carried on his duties as moderator of the *Islander*, the Saturday League, Freshman Intermurals, coach of the Fly Team, and vocation director. Although he is teaching Religion and Algebra, he is a zealous reader and essay writer during his spare time.

The boys of the freshmen department are lucky to have an algebra teacher by the name of Mr. Workel who is a very brilliant mathematician. All of his classes are started with the familiar quotation, "Let's take a look at our homework, gentlemen." The windows are usually opened including during sub-zero temperature, for he believes that "fresh air sharp-

ens the mind." Workel's Warriors, his advisory basketball team, is one of the most colorful, if not the most successful, of the Saturday League basketball teams.

Brother Oliver, who is the moderator of the camera club, is in charge of the book store, and teaches Religion II and Geometry, is a photographer at heart and a mathematician at mind. This tall, dark-haired brother may be seen walking down the halls looking as noble as possible, but in class he can display characteristics that will mark him as a different person. Between telling his religion classes that grace is necessary for supernatural life and his Geometry classes that A.S.A. is different from A.S.S. he always ends his class with Q.E.D. or what is to be demonstrated.

Mr. Elsenpeter

At the earlier part of this year our school was endowed with a new teacher, Mr. Elsenpeter. He is an expert in his field of teaching, English, and presents his material in such a clear manner that even the slower pupils can understand him. The immortal words such as "Knock it off" and "All right you guys" will live forever within the hallowed walls of 301.

Brother Walbert

Brother Walbert came to De La Salle from St. Mary's College where he was teaching advanced mathematics. He utilizes his talent in linguistics by teaching Spanish and English during school, and Russian and German outside of school. He was previously engaged in starting a mission in Nicaragua. Because of his former experience and knowledge of the need for missions, he was made director of the mission collection at De La Salle. Thus he is responsible for the newly improved mission program.

Bro. H. Francis

"Dad-gum," "It's a rough old life," and "Close, but close only counts in horseshoes and dancing," are just a few of the pet phrases used by Brother H. Francis, head of the Chemistry Department. Life is never dull in 201 especially during Brother's famous lab periods. His patience is tried to the hilt during these hard times when students try their hardest to break apparatus, blow corks, and splash water. Seriously though, this humorous, but excellent chemistry teacher, demands much and earns the respect of his students.

Brother Jerome has made many lasting contributions to De La Salle, not the least of which, are the telephone poles which stand permanently in the middle of our ball field. He is an enthusiastic participant in any sport as his many disgruntled student challengers testify. Brother moderates the varsity baseball and hockey teams and teaches religion, physics, and mathematics. His most common expression after hitting a homerun, calculating a difficult math problem, etc., is "Now, that was easy, wasn't it?"

Brother Leonard P. is known for presenting the real, but little known facts of history. Brother believes that reading is a good way to supplement the students' knowledge of history and gives tests which challenge the ability and knowledge of all students.

This handyman around the school, can be found fixing anything from a lock to the school bus. He is best known as the cigar-smoking bus driver.

Wrestling has become increasingly popular at De La Salle primarily through the efforts of the coach Mr. Horning. Wrestling is the center of our winter athletics program, mainly because its practices are held in the middle of the locker room. Besides wrestling, Mr. Horning is also the coach of the varsity baseball team and teaches four classes of salesmanship. The students appreciate his guidance in preparing them for the competitive world ahead.

## TIM ORMAN—PRESIDENT

This year the Senior Class was guided by the able and efficient direction of Tim Orman. Tim comes from Christ the King parish in South Minneapolis. In his career at De, Tim has been a consistent leader. Besides the Senior Class and homeroom jobs, both the Glee Club and the National Honor Society rank among his activities. Tim plans to continue his education and he hopes to embark upon a medical career in later life.

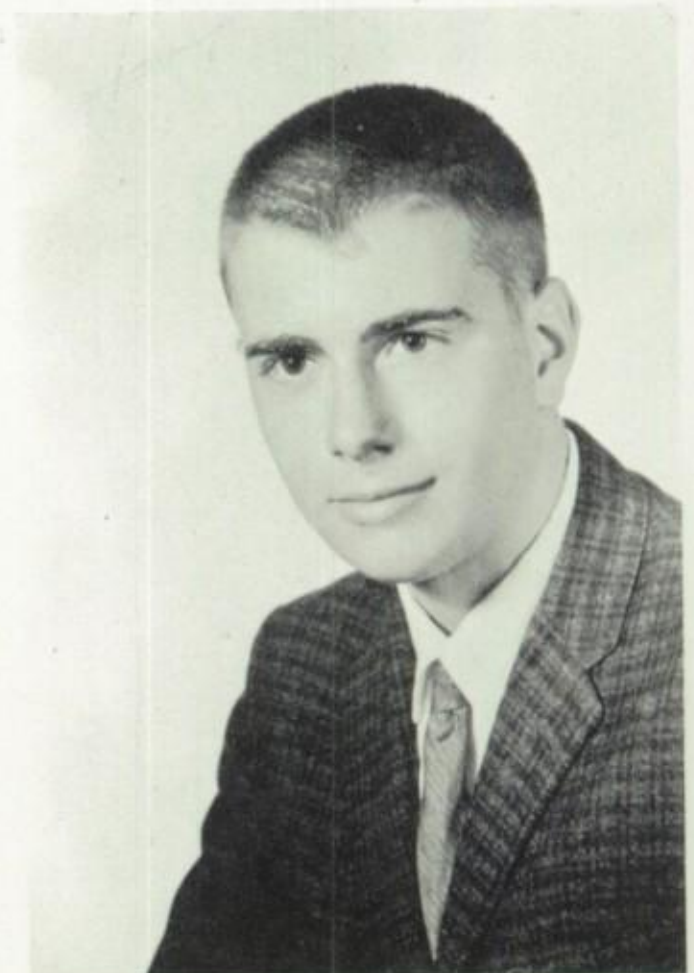

## JAMES DOWNHAM—FIRST VICE-PRESIDENT

This year's first vice-president is a man of many talents. He is the captain of the hockey team of which he has been a member for three years. Jim is also kept quite busy with the Monogram Club and, of course, the Senior Class. His contributions to the school have been greatly felt as is reflected in the respect both teachers and students have for him. Jim plans to enter the Christian Brothers upon his graduation from De.

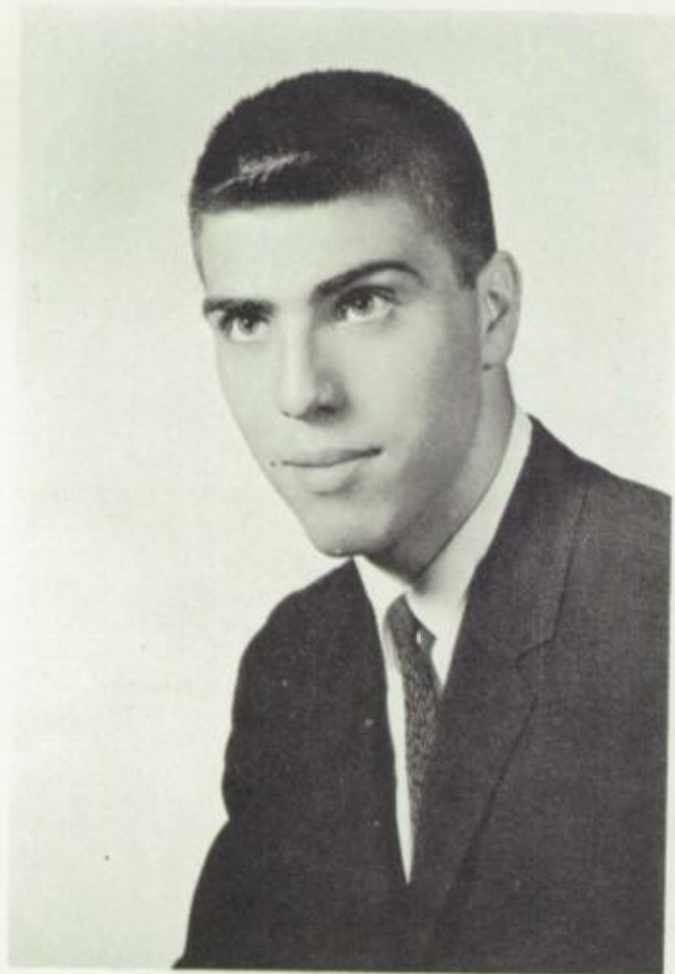

## MICHAEL SHIMEK—SECOND VICE-PRESIDENT

The *Delta's* own contribution to the Executive Branch of the Senior Class is Mike Shimek. As with all our officers this year, Mike has greatly participated in extra-curricular activities. Presently he is connected with Glee Club and his parish youth groups. But Mike, an avid sports fan, still has time for recreation—his favorites being basketball, football and golf. Mike also plans to further his education.

# OFFICERS

GARY FADELL—SECRETARY

This year's "Honorary Angie" award went to De's Class Secretary—Gary Fadell. "Fads" has also been awarded the "Valley View Hardware Best Salesmanship Award." But his honors do not pertain exclusively to out-of-school activities. Gary has also excelled in Dramatics, Speech, *Islander* and the *Delta*. As far as the future is concerned, Mr. Fadell plans to write the captions for the pictures in Time magazine.

MARK LYNCH—TREASURER

Senior Class Treasurer and President of 209, better known as Mark Lynch, attends Our Lady of Victory parish. At De he has participated in Dramatics, Football and the Monogram Club. Mark thinks he may later teach, but he is going to reserve his decision until the results of the placement test come through. In his spare time, Mark likes to work on his "car."

FRED GATES—BUSINESS MANAGER

Hubert H. Humphrey's campaign manager in Minneapolis is also De's Lebanese financial whiz. This year Fred Gates has extremely ably managed the money of the Senior Class. Fred also is known for his tremendous parish work. He has spearheaded all the youth activities at his home parish—Christ the King. Yet his generous nature still leaves him time for much work, here at De. For a ready, willing and able worker, it's Fred Gates. After graduation he plans to go to college for a law degree and later a career in politics.
